

# HARDIN & ASSOCIATES CONSULTING

*Innovative Solutions for Optimal Results*

## COMPANY PROFILE

Hardin & Associates Consulting (HAC) is a multidisciplinary consulting firm dedicated to providing a full range of water, wastewater, environmental, and planning and land use services to local, state and federal governments as well as private businesses. Composed of industry professionals, our staff has the technical knowledge and expertise to complete projects on time, within budget, and in a manner that exceeds expectations. Our leadership brings value to projects by analyzing them from a variety of perspectives and recommending customized solutions.

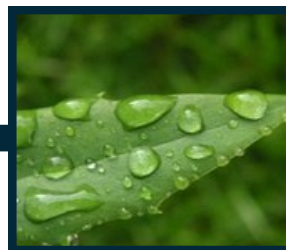

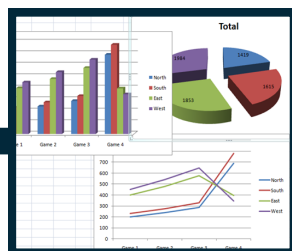

### MISSION

*To provide innovative, efficient,  
and environmentally-sound  
services in a cost-effective manner.*

## BUSINESS CONSULTING

Hardin & Associates Consulting continually strives to help our clients improve performance and maintain a competitive advantage. This effort is achieved by analyzing challenges and developing an innovative approach to each unique set of circumstances. Our technical expertise, creativity, and commitment to excellence guarantee that our clients will obtain individual solutions tailored to fit their specific needs. Below is a sample listing of areas where we can offer expertise:

- ◆ Backflow Prevention Program Development and Implementation
- ◆ TCEQ Regulatory Compliance for Water and Wastewater Systems
- ◆ Planning, Zoning and Land Use Development
- ◆ Asset Management
- ◆ Auditing Services
- ◆ Optimizing Organizational Effectiveness
- ◆ Privatization Strategies
- ◆ Ordinance Development and Review

## TRAINING SERVICES

Hardin & Associates Consulting is approved by the Texas Commission on Environmental Quality (TCEQ) to provide training. We offer a broad range of courses in backflow prevention and cross-connection control, pipeline assessment certification and confined space. Some of our classes also provide CEUs for Code Enforcement and Registered Sanitarians. Classes can be provided at our facility, online or onsite at the client's location. Our instructors are certified industry professionals with a high level of expertise in their respective fields, and they provide students with the knowledge they need to meet licensing requirements.

- ◆ Backflow Prevention/Cross Connection Training
  - ◇ Backflow Prevention Assembly Tester (BPAT) 40-hour
  - ◇ BPAT CE 32-hour (includes 8-hour Refresher)
  - ◇ Basics and Rules Relating to Backflow Prevention 8-hour
  - ◇ BPAT Hydraulics with Practical Skills 16-hour
  - ◇ BPAT Practical Skills Refresher 8-hour
  - ◇ BPAT Continuing Education 24-hour
  - ◇ BPAT Prep Written Exam Study Class
  - ◇ Customer Service Inspector (CSI) 10-hour
  
- ◆ Confined Space Safety Awareness 8-hour (TCEQ credit)
  
- ◆ Pipeline Assessment Certification Program (PACP) 16-hour and Recertification (NASSCO certification)

A complete listing of our training courses can be found on our website at [www.hactexas.com](http://www.hactexas.com).

## INSPECTION SERVICES

As license holders in numerous disciplines, Hardin & Associates provides third party inspection services in a variety of areas. Outsourcing these efforts is often more cost effective for municipalities than maintaining permanent staff. We provide the following inspection services:

- ◆ Customer Service Inspections (CSI)
  - ◇ Water Use Surveys
  - ◇ Water Leak Audit Detection
- ◆ Code Enforcement
  - ◇ Public Health Nuisances
  - ◇ Drought Management Compliance
- ◆ Water Main Hydrostatic Testing and Disinfection
- ◆ Water Quality Testing and Sampling
- ◆ On-Site Sewage Facility (OSSF)
